

The Ellesmerian Club

Ellesmere College, Ellesmere, Shropshire

Message of thanks to Outgoing OE Chairman, Peter Leake

I wanted to take this opportunity as President of the OE Club to extend heartfelt thanks and indebtedness on behalf of all the committee and OEs everywhere to outgoing Chairman, Peter Leake, for the valuable work he has done during his long tenure and to also welcome the new Chairmain, Richard Thurgood.

Peter's aptitude and dedication throughout his time in this role is very much appreciated by all OE Committee members and also by all OEs who have directly or indirectly profited from his efforts, whether or not they have been consciously aware of his involvement towards the benefits they have received.

As a result of Peter's unstinting input and extensive capabilities, his skill in chairing the committee and undertaking all aspects associated with his role has been greatly valued in terms of efficiency and effectiveness, which has extended across to his innumerable dedicated contributions in resolving and smoothing the many challenges that have been faced. I have no doubt we would not have achieved what we have in the club without his presence.

While we will all look forward to Richard continuing to build on what Peter has attained, I wish to conclude by reiterating thanks for all Peter has done and we shall look forward to any ongoing involvement he may care to lend to the club as a continuing member of the executive.

Robert Russell – OE President
