22<sup>nd</sup> September 2016

Dear Parent,

As part of our careers guidance in Middle School, the subject Heads of Department will be delivering short talks to Year 11 pupils on what their subject is like at A level, IB and BTEC. I attach a copy of the booklet that your son/daughter will be working through with their tutors prior to these talks.

The aim of these sessions during week 5, from the 3<sup>rd</sup> to 6<sup>th</sup> October 2016, is to help guide sensible option choices for Year 12-13. We recommend that parents look through this booklet in order to assist their son/daughter to select the sessions that they should attend to hear more about their most likely option choices.

I appreciate your support in this.

Yours sincerely,

Enc.
